

## **THE GDPR IS COMING!**

### **ORGANIZATIONAL – LEGAL – TECHNICAL**

The deadline – the 25th of May 2018- is approaching. Maybe you have heard or read about the General Data Protection Regulation (GDPR).

But with what you have to comply and foremost: HOW?

ID Control Consultancy offers through her European Network of Data Privacy Partners solutions and services which guide you towards Compliance!

**Visit the website: <https://data.privacy.partners>**

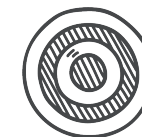

### **GDPR Management**

The web based GDPR Management tool is your guide in the GDPR route

### **GDPR Training**

Basic Privacy Training or Data Protection Officer training

### **GDPR Advice**

We offer support and advice in the form of the GDPR assessment, DPO coach, and DPO as a Service

## GDPR Management tool

The GDPR Management Tool (GMT) is intended to determine how your organization handles data as described in the new legislation, but also helps you with the recurring tasks that are required.

### The tool contains the following modules:

- Processing registry
- Processing agreements
- Privacy Impact Assessments
- Security and privacy policy
- Processes
- Information systems
- Data and incident management

## Basic training

You get access to the tool at customer level that is fully tailored to your organization. If you wish, you can be accompanied by a Data Privacy Partner.

This training course covers the regulations related to the GDPR, the requirements imposed by law on your organization, the operation of the GDPR management tool and how it can be used within the organization.

### Training agenda:

- Introduction privacy: what is it?
- Background regulation;
- Important terminology;
- Processing register / privacy management;
- What is expected from your organization?
- Data leaks;
- What are appropriate technical and organizational measures?

## Training Data Protection Officer

- Day 1 Legal framework GDPR
- Day 2 From Privacy to cybersecurity within the GDPR
- Day 3 From people via technology and control of GDPR policy

## GDPR Assessment

(Gap Analysis, Privacy Impact Assessment, data processing registry, etc.)

Data Protection Officer coaching (of your own DP)

Data Protection Officer as a Service (your Privacy Partner is your DPO)

Including:

- Support via Privacy Helpdesk
- Access to external independent expertise
- Application of best practices and standards.
